## **Bradford's Farm Newsletter**

**Issue 1  
October 2004**

### **Welcome**

*This is our first newsletter and we hope that you will find it helpful. We would like to offer a warm welcome to all of you who use our goods and services and we hope you will recommend us to your friends and colleagues. If you have any, questions, suggestions or problems, please contact us by post, phone or e-mail and do visit our new website for further information.*

**Welcome to Bradford's Farm!**

Michael & Kathy Fordham

### **Farm Tours**

Did you know that you can take a trip around Bradford's Farm and see a real working farm in action? From Easter until mid September, we take groups of up to 30 people around on a purpose built tractor and trailer.

If you are the member of a group or a club, why not suggest a trip out with a difference?

We also welcome school parties, work groups and lunch clubs. See the enclosed flyer for details or visit our website.

### **Beef with Real Flavour**

We are pleased to tell you that we now produce high quality, naturally reared beef from our herd of Aberdeen Angus cattle. We sell only our own fresh frozen meat in 12kg boxes, ready for your freezer.

Mixed 12kg boxes cost only £90 (£3.40lb/£7.50kg) - premium beef at supermarket prices. Try some soon! See the enclosed leaflet for details.

### **DIY Livery and Horse Feed**

*Did you know that you can keep your horse or pony at Bradford's Farm? We have five stables and all year grazing to suit your needs, in a small, friendly yard. There are 3 miles of off-road riding on the farm for the exclusive use of our customers. We currently have vacancies for DIY livery and/or grazing.*

*Contact Kathy to have a look or to discuss prices.*

### **Hay and Haylage**

We sell home grown hay and haylage in small bales to the general public.

Hay £2.00 per bale - Haylage £5.00 per bale  
We can sometimes deliver, particularly if you want large quantities.

Contact Michael to discuss your requirements.

## **Workshops and Offices**

A warm welcome to Profiles, our newest workshop tenants, who have moved into what was the 'Turtle Mat' storage unit next to Bretvents. All our workshop and office units are now occupied and we have about 17 people working on the farm site. It's great to have some life around the farm yard - feels like the old days when lots of people worked here on the farm! It is good to think that once again, there is employment available to people in the countryside.

## **Caravan Services**

Our caravan storage facilities are full and we are operating a waiting list, so don't give up your space!

**We are in the process of installing a Caravan Club Certificated Location on our land at Isfield, behind the Laughing Fish Pub. It should be open by early 2005 and we hope that many of you will give it a try.**

**In the meantime, from October 04, we will be taking over the management of the Caravan & Camping Club CL at Bentley Wildfowl, Halland.**

Watch this space for further details or contact Kathy for further information.

## **Farming & Contracting**

We welcome the CAP reforms and are feeling positive about the future for us to continue farming, as part of our core business. We have just celebrated 40 years at Bradford's Farm and hope that we will be here for the next 40! We are enjoying the challenge of getting closer to our customers and, as you can see, our enterprises are expanding. We will be also extending the range of services we offer to our farming customers - more details will follow soon.

Contact Michael for more information.
